# SCENT: PURPLE ORRIS & DARK PATCHOULI

With the fragrance **Purple Orris and Dark Patchouli**, we want to guide you through a seasonal shift and remind you of the beauty this change in season has to offer. You start to notice how the first autumn leaves flutter through the sky, and how nature's course turns our environment into a colourful playground for all to enjoy. And as you tuck in, all cosy and warm wrapped under a blanket, you experience comfort and joy in creating your sacred rituals. It's the perfect season to focus on **reconnecting with others and yourself**. The weather at this time of the year has a beautiful way of helping us through a storm. Now you can witness how ice crystals and water droplets have the power to paint the sky with rainbow-coloured clouds when the sun is nearby. Days become shorter and a frisky winter breeze is approaching, but you are more than ready for this enchanting season. We're here with you, every step of the way.
